Empty the Recycle Bin. A timer keeps track of the time elapsed as you compete with yourself. Freecell In this solitaire variation, the player uses four cells to move cards around the virtual board. Even the best-rated PC will slow down as you install software and download files that use up system resources, but you can help your computer run faster. Cleaning Up My PC You can optimize your system by cleaning up a few important areas of your computer. If you don't set your computer to update automatically, you will need to manually install updates by clicking "Windows Update" and selecting "Install." Your computer will check for updates, and you'll get to review them before you opt to install. Restore My PC to an Earlier Date When computer problems set in, try restoring your PC to an earlier time when it was working properly. Check your computer specs to see if you can add RAM, and try this if it's possible. MORE FROM QUESTIONSANSWERED.NET PC owners can then choose "Recovery," "Open System Restore" and "Next" to explore what will happen if you restore. Keep up-to-date virus protection in force on your computer to prevent infestation. Adjusting visual effects can also help enhance computer performance. Open Control Panel and then type in "Performance Information and Tools." Choose "Adjust Visual Effects," then click "Visual Effects" and "Adjust for Best Performance." Click "OK" to finish. This game and other solitaire variations are easily played by all ages. You might also consider adding a new hard disk, attaching an external storage drive or replacing your video card to add speed to your PC. More Suggestions for Speed Spyware and viruses can slow computers down, so scan your PC with an antivirus program. While the games are free, most have ads that pop up during play. Pyramid Pyramid is another free option. MORE FROM QUESTIONSANSWERED.NET Over time, computers often become slow and sluggish, making even the most basic processes take more time than they should. Many of the following games are free to play and easy to use. The Classic Game The classic game of solitaire that used to be played with a deck of cards can now be downloaded for Windows 10 on your computer and accessed by email. The player aims to get rid of the cards in the quickest way with the fewest moves. You can always open these programs to start them manually when you need them. Windows allows you to restore from a preset restore point by simply opening the Control Panel. This way, you can take your games with you when you're away from your computer. There are numerous variations of solitaire that are usually played by one individual. Check your Task Manager to see what programs run at start-up. Go through your Program Manager and delete any programs you don't use. To proceed with the restore, just select "Finish" and the process will begin. Additional Upgrades to Consider Consider updating some components of your PC to make it work faster. Pyramid is a fun and entertaining card game, and a great way to pass the time. Tripeaks In the game of Tripeaks, cards are selected in a sequence going up or down to accumulate points. The game uses two cards coupled together and adding up to 13 that are removed from the deck (like a six and a seven or an eight and a five). It's part of the Microsoft software collection, and is one of the free solitaire games for PCs. The game is played using eight columns of cards lined in a row on the computer screen. Play continues with the remaining cards, and the goal of reaching 13 each time in order to continue. Run the Disk Cleanup process to remove all temporary files and system files you don't need. These programs use up disk space, memory and processing power, so they should go. Your operating system needs to stay current to make sure it runs efficiently. Eventually all the cards are cleared and the game ends. Run the Disk Defragmenter to reorganize the fragmented data on your hard drive, making it work more efficiently. This digital version of the card game handles the shuffling and dealing of the cards for you. You basically play against yourself, with the computer as the dealer. Any you don't need or want to be running in the background when you start your computer can be unchecked from this list. You can review a list of programs and files that would be deleted if you reset your PC to a previous date. If your computer gets bogged down when you try to run a large program or several programs at the same time, you might need more RAM. This may include programs that came pre-installed on your computer or some you installed yourself. Some programs store the progress and scores for you to keep up with your plays. Delete or quarantine any viruses that appear on the scan. You can schedule automatic updates to happen as the updates become available. The programs that are downloaded on your computer are usually available to play on tablets and smartphones, too. On some PCs this game is also called Klondike. Spider is a variation of the traditional solitaire. The popular solitaire card game has been around for years, and can be downloaded and played on personal computers.
