The is the most popular and Powerful photo editing App for Android Smartphones. Do Let us know your Valuable Feedback in the Comment section below So that we can improve our service. Personal Opinion: Well! PicsArt has the potential to become the most fabulous editing app. in fact, it could get a five-star rating if only I don't have to pay for the premium version. Overall, I love the variety of editing tools and the sharing platform. I used to love this. I have made some pretty cool art of my friends and edits of all sorts. But whatever changed in the last little while has made it virtually impossible for me to blend faces, have smooth editing, etc. I hope the app will become more enjoyable over time.
